She works as a technician at Worldgates Institute, which specializes in. Mumbai: Reserve Bank of India governor Urjit Patel on Friday said liquidity is one of the key challenges in the Indian economy as the largest lender, SBI, is experiencing serious liquidity crunch. Since August, there has been a big run on the system of non-banking finance companies (NBFCs). Bank of India (BoI) accounts for 50 percent of the market share, followed by State Bank of India (SBI), which has 27 percent market share in wholesale financing and lending. In the after hours market trading on December 29, it traded at Rs 1,000, down 1.66 per cent. Currently, it is a part of the S&P BSE MidCap, down 1.17 per cent and a part of the BSE SmallCap, down 1.12 per cent. In an interview to CNBC-TV18, Urjit Patel, who was addressing the first annual conference of the countrys largest IT exporter, Tata Consultancy Services (TCS), said the liquidity crunch is a major challenge in the Indian economy. Urjit Patel and Financial Services Minister Arun Jaitley also spoke at the event. Patel said the central bank was monitoring the current situation closely and was in regular interaction with the market regulator, Sebi. The central bank is closely monitoring and monitoring the situation with Sebi and the Ministry of Finance. RBI s monetary policy committee (MPC) will meet on December 30. The government is looking at various options to revive the shadow banking system. The central bank is closely monitoring and monitoring the situation with Sebi and the Ministry of Finance, Urjit Patel, governor, Reserve Bank of India. TCS managing director and CEO, N. Chandrasekaran. We remain committed to our growth agenda, and I am sure you will be very happy with the results of the WorldMobile Summit, he added. Urjit Patel is also a former board member of UTI Bank, India s second largest private bank. The RBI, however, refrained from commenting on the matter. SBI, India s largest lender, is undergoing a severe liquidity crunch after several large investors pulled out of the stock. It is the sixth consecutive negative day for the stock. According to top 10 analysts, the analysts wrote that SBI is not likely to receive any capital support from the government at this time.Q: Porting Visual Studio 2017 Console App to Visual Studio 2019 I 82157476af
