May 28, 2021 Cubase is annoying - I see absolutely no point in asking them to implement ASIO DirectX driver in 'fullduplex' mode. Sep 20, 2018 just installed cubase 8.5.6 in win10, but there is no "Directx full duplex" driver installed, making asio as default driver. Sep 14, 2018 I am running Windows 10 and my current version of Cubase is 8.5.5. There is no full duplex driver installed for Cubase. Jun 14, 2017 My issue is that my computer is unable to use the ASIO4all audio driver for some reason and I need to change it to ASIO 4.x. Since I cannot install the ASIO4all driver because it is a 32-bit driver, I must use the ASIO Directx Full Duplex Driver (a 64-bit driver) in order to use my PC

speakers, and any effects audio that I connect to my PC. It seems that Cubase is somehow not able to use the driver at all, and I've tried to search for the driver, but cannot. Can someone tell me how to install the ASIO Directx Full Duplex Driver? Mar 8, 2017 This is driving me crazy. I had a computer and I installed Cubase 8.5.1 with ASIO4all installed and the ASIO4all wasn't working. Sep 14, 2018 I recently bought Cubase 8.5.6. I have ASIO3.8, DirectX 9, Audio Driver 4.3, and Audio Video MIDI Editor 3.0 installed. My audio interface is compatible with ASIO4all but I can't use it. Sep 14, 2018 I recently bought Cubase 8.5.6. I have ASIO3.8, DirectX 9, Audio Driver 4.3, and Audio Video MIDI Editor 3.0 installed. My audio interface is compatible with ASIO4all but I can't use it. Sep 14, 2018 I recently bought Cubase 8.5.6.
